NOTES ON MILK TOKENS OF THE ROYAL DAIRIES LTD. (WINNIPEG)

by Ed. Parker

In Donald M. Stewart's "Trade and Advertising Tokens of Manitoba" and subsequent supplementary listings, there are listed a number of Royal Dairies' tokens. For greater certainty and easy reference, the complete listing is shown below in condensed form:

6440 (a) ROYAL/DAIRIES/LTD., WPG
GOOD FOR/1QUART/MILK — PL-g-R-28

(b) ROYAL/DAIRIES/LTD./WPG.
WINNIPEG'S/FINEST/SINCE/1902 — PL-w-T-33X21

(c) LES./BOWER
GOOD FOR/ONE QUART/MILK/ROYAL DAIRIES/WPG. — PL-g-R-31

(d) ROYAL/DAIRIES/LTD.,WPG/-/MADE IN USA
GOOD FOR/1 QUART/MILK — PL-g-R-23

(e) ROYAL/DAIRY/WPG/-/MADE IN USA
GOOD FOR/1 QUART/MILK — PL-g-R-23

(f) LIKE (e): but narrow letters — PL-g-R-23

(g) SAME:But — PL-k-R-23

(h) LIKE (a): but — PL-g-R-25

After various visits to the office and discussions with employees, it is possible to arrive at a probable order of issue, and to note one token not listed. Of course, after a lapse of time, memories become blurred and the following is not definitive, but most likely is reasonably accurate.

The earliest tokens used were (e), (f) and (g), with (g) probably the first, followed by (e) and (f). These tokens were taken out of use "about 1958". They were able to find only one of this series on the premises, an (e), which was found in the President's Desk!

I was told that it was about this time that the company had in use a "coffee cream" token. None were found and none have turned up for listing purposes, so it may be assumed that the entire supply has been destroyed.

The next token used was probably (h) followed closely by (a). You will note that (h) is slightly smaller than (a) and only one, in good condition, was found. There were one or two others on hand but they were badly cracked and chipped. The (a) and (h) tokens were mixed and it was only by chance that the (h) was discovered. The company still has a fair supply of (a) on hand.

The (c) token was, of course, ordered by Les Bower, who at the time, was a driver for Royal Dairies. Unlike R. DeGrave (see last issue), who also issued his own tokens, Bower included the company name on his tokens and they are therefore listed under Royal Dairies.

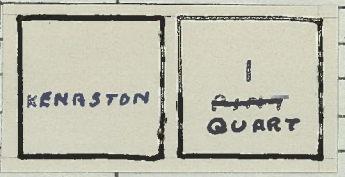

The token currently in use, and used by all drivers is (d); and the (b) token is kept as a reserve should no regular tokens be available when required.

Should further information come to light it will be published as soon as possible.

Mr. Ouellette supplied milk to the town of Kenaston from his farm on the outskirts and issued tokens in 1934 fro ease in making change in the cold weather. Mr. Ouellette states that he noticed the misprint on the pint tokens but still used them and the manufacturer sent a few later with the correct spelling. Tokens were discontinued in 1939 and all tokens were gathered in and saved, but in 1948 when the milk house was torn down the box of tokens was thrown away. (1339)

SOMASS DAIRY

ALBERNI

YEAR	COLLECTION	CATALOGUER	PLACE	AUCT or F.P.	CONDITION	PRICE	REMARKS

In I860 the British Firm of Anderson, Anderson & Co. (todays P. & O. Steamship Line) set up a sawmill in the Alberni Valley tp produce ships masts and spars. As part of their overall operation they established the Anderson Farm on the area across the Somass River now known as the Flats. Cattle were imported from Britain and a thriving concern was operated under the management of Charles Taylor. By I866 all the readily available timber had been logged off, and, not wishing to establish logging camps in the interior of Vancouver Island, the mill was closed. The farm was rented by Mr. Taylor from the Anderson Company for a nominal rent of $I.00 per year.

Taylor ran the farm until the early I900's when Percy Bayne took over. He apparently did not last long as the Alberni Land Co. purchased the area and ran a model farm around I9I0. The new project was not successful, and was closed in I9I7.

In I9I8, Bob Hotchkiss purchased the area and renamed it the Somass Farm. Prior to this he had leased the Prairie Farm on Withers Road. He developed a large dairy with over I00 cows, and an extensive dairy route. It was over his routes that the illustrated token was used. Comparison with other local tokens would indicate that it was introduced in late I929 or early I930.

On his death, in I94I, the Trustees of the Hotchkiss estate finding no heirs, sold the dairy and farm as a going concern to Mr. Bob Christie. He continued the operation until March I945 when the newly formed Alberni Valley Co-Operative Association purchased his routes and goodwill for $I0,000.00 .

1965
1966
1969

Neither Christie nor the Co-Operative used tokens. However the financial statement of December 3i, I948 does show the Co-Op as having 44,558 quarts, and 22,298 pint tickets on hand. That these were tickets, and not tokens, is confirmed by the Directors' Minute Book of January I7, I947 which mentions "books of tickets" under the Manager's control. The Co-Op went bankrupt in late I948 and the buildings were taken over by the Richmond Dairy. (See Part 2.)

A.J. CLATWORTHY
EAST DELTA

YEAR	COLLECTION	CATALOGUER	PLACE	AUCT. or F.P.	CONDITION	PRICE	REMARKS

The A.J. Clatworthy Tokens

Relayed by Leslie C.Hill,

This unusual dairy token was brought to the attention of collectors of B.C.numismatica during 1969, and may be described as follows;

Obverse,-.-/A.J./Clatworthy/-.-/ (all within a beaded circle)

Reverse,Good for/1/Pint Milk (a star at either side, all within a beaded circle)

Detail A(luminum) S(quare) 23mm. (millimetres)

These pint tokens were used for a short period by Eli Heaton, an East Delta dairyman, on his milk routes. A check of early B.C. Directories shows Joseph Heaton as a farmer in East Delta as early as 1922; during 1931 both Joseph and Eli are listed at the same address, thereafter only Eli Heaton is listed. Mr. Heatom passed away during 1956, the estate being handled by relatives living in White Rock, from whom the tokens were obtained during 1969.

There appears to be no ready answer as to why Mr. Heaton made use of tokens stamped with another mans name. A number of suggestions have been made in attempts to solve the riddle, one of which appears worthy of consideration, The Tokens of B.C. & Yukon under Saanich #5260a, lists a pint token used by A.G.Clatworthy which is identical to the above described token except for the initials "A.G." in lieu of "A.J.". It may be that an order of tokens struck for A.G. Clatworthy of Saanich had the wrong initials "A.J." on them. and they were not accepted or used by him. These tokens could have been acquired by Eli Heaton for use on his routes, from either the stamping firm (which appears likely) or directly from Mr. Clatworthy.

A small hoard of around 200 of these tokens were made available to collectors during 1969, by the late Douglas Oxford, of Vancouver. Mr. Oxford did considerable research on the tokens of Washington and Oregon and was able to bring many unknown tokens to light. It was only recently that Mr. Oxford began to apply his talents to the local field and he was able to uncover a number of B.C. tokens; unfortunately he did no writing and most of his original research andxinformation went to the grave with him. We are indebted to Doug Oxford for the information regarding these tokens, and were able to retrace his steps during 1971 to substantiate his findings.

IN THE FIVE ACRES PART OF NANAIMO ONE PARTICULAR FARM HAS PASSED THROUGH A NUMBER OF HANDS AND THREE SEPERATE TOKEN ISSUES HAVE BEEN MADE BY VARIOUS OWNERS.

THE FIRST TOKEN (A), A RECTANGULAR ALUMINUM TOKEN WAS ISSUED BY EDWARD F. SMITH USING THE NAME SUNNY BROOK DAIRY. IN 1935 THE SMITH FAMILY MOVED TO NANAIMO FROM THE OKANAGAN, AFTER THEY HAD LOST TWENTY YEARS OF WORK FRUIT GROWING, DUE TO DROUGHT. THEY BOUGHT A DAIRY FROM A MR. DICKSON (WHICH MIGHT BE DICKINSON, A PROMINENT DAIRYMAN WHO MAINTAINED A DAIRY FARM NEXT DOOR). THIS DAIRY HAD PREVIOUSLY BEEN OPERATED BY A MR. WHITMORE WHO HAD SOLD MILK ON A MONTHLY ACCOUNT BASIS, NOT USING TOKENS OR TICKETS.

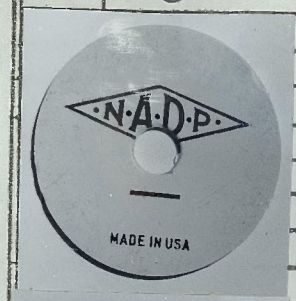

SMITH HAD A MIXED HERD OF JERSEYS AND HOLSTEINS WHICH AVERAGED IN NUMBER ABOUT 18 TO 20. AS HELD SO WITH SUBSEQUENT OWNERS HE DELIVERED ALL OVER THE NANAIMO CITY AREA. SHORTLY AFTER THE WAR ENDED A MR. GRANT BOUGHT THE DAIRY FROM THE SMITHS. GRANT RESOLD THE DAIRY ALMOST IMMEDIATELY TO ALF LOCKNER WHO BOUGHT IT IN APRIL 1946. LOCKNER IN TURN HAD THE DAIRY LESS THAN A YEAR, SELLING TO HERB THOMAS IN THE SPRING OF 1947. HOWEVER, LOCKNER DID ORDER AND USE TWO PLASTIC TOKENS, (B) & (C) RETAINING THE NAME SUNNY BROOK DAIRY. LOCKNER MADE LITTLE CHANGE IN THE DAIRY DURING HIS SHORT TENURE AND APPARENTLY WHEN HE SOLD THE DAIRY HE TOOK THE PLASTIC TOKENS WITH HIM FOR MR. THOMAS DID NOT RECALL THE PLASTIC TOKENS.

HERB THOMAS ALSO MAINTAINED BASICALLY THE SAME HERD AND CONTINUED THE OPERATION OF THE DAIRY UNTIL 1956 WHEN THE FARM BECAME HEMMED IN BY THE EXPANDING CITY AND HE NO LONGER HAD SUFFICIENT LAND TO MAINTAIN THE HERD. MR. THOMAS STILL HAS THREE COWS ON THE PROPERTY AND HAS RETAINED A FEW OF HIS OLD CUSTOMERS. IN 1949 HE BOUGHT SOME ALUMINUM 1 QUART TOKENS, (D). FOR PINTS HE USED THE ALUMINUM PINT TOKENS ISSUED BY SMITH. (1265)

ERNIE AND TOM RAPER WERE COUSINS. THE TWO CAME TO VICTORIA IN 1901. TOM GOING TO WORK FOR ROGERS' DAIRY AND ERNIE FOR THE McREAS ON CEDAR HILL. SOMETIME NOT LONG AFTER THE TWO COUSINS STARTED A DAIRY ON THE OLD CLARK FARM ON RICHMOND NEAR ROYAL JUBILEE HOSPITAL. SHORTLY AFTER THEY RENTED THE McRAE FARM ON CEDAR HILL. IN 1912 THEY MOVED OUT TO BURNSIDE ROAD WHERE THEY REMAINED UNTIL THEY SOLD OUT TO NORTHWESTERN CREAMERY IN 1949. IN 1912 THEY WERE JOINED BY ERNIE'S SISTER, MARY. TOM MARRIED MARY BUT ERNIE NEVER MARRIED. ERNIE DIED IN JUNE 1959 AND TOM DIED EXACTLY ONE YEAR LATER. EDWARD (TED) RAPER, ANOTHER LOCAL PRODUCER-VENDOR, WAS NOT RELATED TO ERNIE OR TOM.

AT FIRST THE RAPERS SOLD ONLY QUARTS -- AND THESE FOR 15¢ INCLUDING ½ PINT OF CREAM. DURING THE DEPRESSION THEY STARTED SELLING SMALLER BOTTLES AS MANY OF THEIR CUSTOMERS COULD NOT AFFORD FULL QUARTS. IN 1911, 12 AND 13, THE DAIRY WON THE SEDGMAN TROPHY FOR THE BEST LARGE FARM (OVER 50 COWS). THIS TROPHY WAS RETIRED AT THE START OF THE GREAT WAR. THE DAIRY GENERALLY HAD 100 MILKING COWS AND THE 22 DELIVERY HORSES WERE LATER REPLACED BY 5 CARS. THE NUMBER OF MEN EMPLOYED ON THE FARM WAS ABOUT 12.

THE FIRST TOKEN (A) WAS INTRODUCED ABOUT THE TIME OF THE MOVE TO BURNSIDE. (1912). THE SOURCE OF THESE TOKENS IS UNKNOWN. AT PRESENT THIS TOKEN IS QUITE COMMON, MORE SO THAN THE LATER ISSUE TOKENS. THE LATER TOKENS WERE LOCALLY STRUCK FROM DIES WHICH WERE PROBABLY MADE DURING THE DEPRESSION (EVIDENCE THE STYLE AND THE PINT WHICH WAS NOT SOLD BEFORE). THE TOKENS REDEEMED BY NORTHWESTERN CREAMERY AFTER THE SALE WERE DESTROYED. (12 17)
